“ I had the pleasure of knowing Steve for the past 9 years. Another friend recommended him as I was looking for a painter I could trust. It was the beginning of a too short of friendship :(As has been mentioned Steve had an infectious laugh and a great sense of humor. I enjoyed hanging out with him at his shop. I'll miss you my friend.

“ I was stationed with Steve in VT-19 in Meridian Mississippi 1977 to 1980. He was the most likeable guy in the whole squadron. He had a laid back personality and great sense of humor that everyone adored. He loved fast motorcycles and i sometimes rode on back of his motorcycle off base and he loved those winding roads in the Mississippi country side. He was a damn good aircraft structural mechanic so it doesn't surprise me he was a great restoration auto mechanic as well. Wish I'd known him in civilian life as well. It was an honor to serve with you Steve and a distinct pleasure we crossed paths in life. God bless you my fellow Navy shipmate and please save me a place at your table when we cross paths again. My deepest sympathies for your friends and family and praying for you all in your time of bereavement. The ship bell tolls as its time to change the watch, it's ok steve i will take your watch. RIP my friend God has you now.

“ Steve was a great guy! My earliest memories of Steve were out in his boats when I was a kid! Him shooting a rooster tail as we would drive under a bridge seeing if we could get water over the top, With his infectious laugh and smile! He worked on my car and my family's cars over the years. We always enjoyed talking about boats and mustangs! You will be missed my friend! Rip.

“ I haven't seen Steve in years but my heart is very heavy! Lots of fond memories of hanging at the lake together. So happy he retired there as the lake and boating was his happy place. Rip my friend.
