“ We will miss you grandpa! I have such great memories of spending summers at the lake with you and grandma! We even got in trouble for referring to you guys as the "fun grandparents"! From being drug across the lake in a life jacket two sizes too small, and you joking saying I the water level dropped an inch cause I swallowed so much, to learning how to shoot pool in your dining room, these are memories I'll keep with me forever! Learning about "the birds and the bee's" thanks to you and Porky's 1 and 2. Hell I was born on your bathroom floor! I never did get the speedo though! Love you old man, hug my mom for me!

Sincerely,
Darren Stringberg (Toilet Face)
