“ I had Amy early in my teaching career in Versailles. Amy was an 8th grader and was in my home ec class. I remember that she really enjoyed sewing and all the students loved her (we all did) and they would volunteer to help her operate the sewing machine. Amy had a great sense of humor! Thank you to Amy for some lovely memories! Praying for all in your loss.

“ I did not know Amy personally, but I wanted to express my deepest sympathy for your family. At times like this, I have personally found Jesus Christ's words at John 5:28,29 to be truly comforting. There he promised that "the hour is coming when all those in the memorial tombs will hear his voice and come out...to a resurrection of life." I look forward to the time when I can see my loved ones again so much. Feel free to contact me at the attached email address and again I'm so sorry for your loss.

“ Amy, you always had so much spirit and so much energy. It was too much spirit to keep in that little body. I hope you're soaring now. I will miss you. I was really happy that we were able to reconnect a few years ago. You were one of the best parts of my childhood. You were a bright and shining light, and you always will be. Peyton
