“ Mrs. Arleen (Kidwell) Lake was my second and third grade teacher in 1952--1954 at Bethel School just off Route D. She was an excellent teacher, especially for students in the early elementary grades. I am pleased that she was able to meet my wife, also an elementary school teacher. I still remember the dialogues (plays) she directed that were presented by we students during PTA meetings at Bethel.

“ *I didn't know Arleen until she became a door greeter at Wal-Mart. EVERY visit she welcomed you as if you were entering her home! Her gracious spirit was never dampened by location, cloudy days (did she ever have any?), or her own worries (again did she ever have any?). She always displayed the same amount of kindness to all. I missed her at the door when she left and I will miss her just knowing she is no longer part of our community.*

“ Arleen was so kind to me when I was a first year teacher in the Versailles school system in the fall of 1960-61. She taught first grade and I was teaching second grade. She was always available to give support and answer questions. In later years it was a joy to visit with her when she was a greeter at the Versailles Walmart. She was a special person.

“ Arleen and her parents were our neighbors in the country, and she was my teacher at Walnut Grove school. She would bring us homemade treats and lead us in making neat craft projects - many great memories.

“ Mrs. (Kidwell) Lake was my 2nd and 3rd grade teacher(1952--1954) at Bethel School on Route BB north Of Versailles. A couple of years ago I sent her a picture of the Bethel students and herself. She sent me several post cards telling me how much she appreciated the picture and that she had the picture framed and had it in her room at the Kidwell Home. She was very good with students in the early elementary grades.

“ Arleen was our oldest son, Stanley's first grade teacher. It was his first experience of school and was shared by our foster daughter, Karen. They missed the bus home the first day; Arleen was waiting with them when I picked them up! She was an excellent teacher; I remember sharing books from our home which she so appreciated! I loved her as a friend. In later years she shared her life so tenderly with her husband, Ed at the Kidwell Boarding Home. They both enjoyed the garden flowers and music I brought in the summer time.
