“ *I'll always remember your smile, your spirit and the love you had for your babies. That love radiated from you, and was almost tangible. I always admired how even in the toughest of times, you never gave up, you found a way to do what needed to be done.... That's why it came as such a shock to me that this happened.... You'll be forever loved and missed beautiful lady. Fly high* ”

“ I can not rest easy...because we have had so many talks and so many conversations and you have never ever once said you couldn't handle it...you've always been "I got this" even in the toughest of times.. I always enjoyed that beautiful smile and that spark in your eye since you were born. You have always had a special place in my heart. You always had to argue with your mom and always be right and even laugh when you knew you wasn't right...I'm gonna miss you more than you ever know beautiful girl...I love you forever and always...as we always said...keep a seat open for me....
