“ Over 60 years ago, I remember seeing Beckie do the most beautiful swan dive from the tall tower at the Emporia Municipal Pool. I thought then that she had "guts" and now I believe she used that same determination and bravery to fight cancer. I hope that her family feels comfort in the many people who remember Beckie so fondly. Peace be with you as you heal.

*Mike and family,
My deepest condolence for your loss. Beckie was such a bright shining light for anyone who knew her. I loved her sense of humor and her great determination to live life to the fullest in spite of her health issues. I admired her for that resilience. During this period of grief, may the many happy memories you all shared bring your family some comfort.*

*Mike and family,
We are so sorry for your loss. Warren and I have known Beckie for decades. Warren lived in her neighborhood, and they both enjoyed roller skating. Beckie had the most wonderful personality-- straightforward and good natured. Her smile lit up the room, and she was usually smiling. We know how much you will miss her. We're praying for the repose of her sweet soul, and for God's comfort to all who loved her. She fought the good fight, and now she can rest. God bless.*
