“ *I have quite a few fond memories with Chuck McGee, great conversations, projects, etc. One of my fondest was of us studying for our Amateur Radio Licenses (HAM Radio). We would rib each other about it, and when it came test day it was a race. I won in getting the test done first, but weeks later he had the last laugh as his test must have been submitted to the FCC first as he recieved the call sign KD0ODZ, whereas I got the next in line KD0OEA. He never let me forget that..lol.*

*I served with Chuck in the US Navy aboard the USS Halsey DLG-23. I found him to be a man of his word. He was trust worthy and dependable. He took his military responsibility seriously and always had our backs as we did his. His was a man of God and loyal to his family. His character was impeccable. I considered it an honor to have known him all these years even after our service together. A true and honorable brother in time of war and peace. RIP Chuck McGee, you made it home again one last time. See you there. Save me a seat at the table. It will be a privilege to set next to you again this time never again to say good by. Phil Webb*

*I severed with Chuck in the Navy, he was a great guy and friend, he had a heart of gold, when helping his friends and family. He helped me with working on electronic equipment in the Navy and a friend who cared about people. Chuck we will see you in Heaven one day, until then you are loved and missed.*
