“ Mom was the most caring person I've ever met. I would call here every Friday evening just to chat. To this day I still have Mom's home phone number in my contacts under Mom. You are loved and missed every single day.

“ I have many many wonderful memories of mom and myself. We traveled the world together and visited so many things. I was very blessed to have been born during a time in their lives when they traveled to so many places around the world. Mom and I would take in the sites at each and every place. I don't know that I could place a specific one that was more special than any others because she always made each of them special in their own way. Kids don't grasp the importance of it all but I am so glad that she did and wanted me be a part of it all with her. She was the most unselfish and giving person I have ever known. Beautiful on the inside and out and missed each and every day

“ *The Mind is a strange contraption. I keep having this recurring memory of Mom's first and last ride on anything with two wheels. Dad had bought "the boys" a mini bike. It was awesome, to us a screamer. Remember setting up ramps to jump it over them. That had to scare Mom to no end. I don't know who, how or why she ended up there....but there was Mom one day....on the mini bike, headed down that dirt road. Apparently no one had told her about pulling a wheelie...and that's exactly what she did. As she began to fall off the back of the mini bike, sheaccelerated!!! Bad call Ma! That was a black eye (literally) she could have lived without!*

I'm so sorry to hear about your moms passing. She was a great lady and a fine friend.

The world is a sorrier place without her.

“ *Dear Goodlander Family,*

I am so sorry to hear of your Mother's passing. I have many fond memories and "touch and go" memories as well of her and your Dad as well.

Since I moved from the Lake area in 2008, I have often wondered about her and my many other patients and friends.

Please accept my condolences and know that my thoughts and prayers are with you at this time.
