“ *I think of the good ole days often. We had some really good times together. Our families have grown up and we have gone many different ways, but I miss the many good times we all had together. My love and blessings go to the whole family and wish you all the best in the years to come.*

“ *Worked with Doris for many years at Walmart. I was her "tall girl" that did her reaching. She was my friend, mentor and mom all rolled up in one. She will be missed.*

“ *Aunt Doris was always so much fun and full of life, She always reached out to others and was so proud of her family. We are blessed to have the heritage we have today because she and her siblings were so full of fun and spirit which has spilled over to her kids & her extended family. I will always remember their wedding. All the bridesmaids were dressed in different pastel colors. I thought she looked like a queen. We send our love and prayers from AZ.
