“ Janice with her twin Judith were my very best childhood friends and cousins. Jan was a faithful, kind, and caring friend for the rest of our lives and I enjoyed visiting often. She is David's cousin on her father's side and mine on her mother's side and was the same age. I am now grieving especially for Clifford and Judy. How very sad to lose her so soon and so suddenly.

“ Jan and I were Zoology lab partners We retrieved the simicircular canals together. Jan was the calm, I was the storm. I always wanted to play the piano and sing together, but life led us to nursing careers. I admired Jan for her patience and kind spirit she freely gave to all. My heart aches for her loved ones. Her love ripples out and always will!
