“ *My heart pours out to the Winters family. Jason was a wonderful caring young man throughout his years. I enjoyed having him as a high school student. He always applied himself and worked hard towards his goals. His smile was always present and added joy to the days of others. He will be greatly missed. The Winters family and Jason's children are in the Meyer's prayers.....*

“ I first met Jason in church when I moved up to Versailles from my hometown in Sullivan. I remember how much he loved playing basketball in the church gym and how full of life he always was. We cross paths with many different people in our journey of life and I am blessed that he was a part of my journey. My heart goes out to everyone in the Winters family.

“ I remember him and the rest of his family as always being at church when he was a kid. It is hard to believe that Jason has gone on. We prayed for the Winters family this morning at Calvary Baptist, and my Grandson who went to school with Jason Winters Jr in Stover and was good friends with him said, "you forgot to pray for Jason's kids." Well, that was true. I don't know his children; I prayed for all the family that I knew. So we had a second prayer and this time remembered his children. May God comfort all of you during this time of loss: parents, siblings, children and friends.

Jason was in my Sunday school class as a Young Teen. He definitely loved football as we talked about that often before starting our lesson. He also assured me he was a Christian as did the other boys in the class. So they thought we could talk about Christian Athletes and cover both subjects. My prayers go out to all of his family and friends. I pray God will comfort each of you in a way only He can do.

“ Wow, little brother! You've just taken the most amazing journey of your life. I would love to hear you tell me all about it using your colorful and vivid descriptions. Unfortunately, that conversation will have to wait until I take that journey myself and see you again. Until then, I will remember your infectious laugh and your uncanny ability to always be in a good mood, even when life on this earth didn't always give you reason to be. I'm not saying goodbye, but instead, see you later. I love you Jason.
