“ *It's taken me time to return to this & comment.
Jay was the dad I needed when I was growing up. I miss his laugh & smile. He was a very patient & loving father. Although for a short time, I'm glad to have cherished memories of him. 💕*

“ *I just found out of Jay's passing yesterday (March 22) and, like others when I came to his shop; am saddened beyond the pale. Drove some country dirt roads yesterday to deal with my thoughts.*

Jay had been helping me with computer and cell phone challenges since we came to the Lake in 2011. Very responsive, we'd talk briefly as he worked. In particular, I came down with a severe case of sciatica in my right leg and had to use a cane to walk even a few steps. Jay evidently had terrible sciatica from a bad motorcycle accident years back. He gave me good advice on how to deal with it since he stayed in bed for three months to deal with it and I was approaching the same time span. Except, he was young and I was 85.

*I even miss seeing his truck now at PSC Computers. Jay was a good man, an outstanding technician, and a super confidant. He left a big ache in our hearts.
May God Bless him in Heaven.*

With love from the Ozarks.

“ Just heard the tragic news and saddened. Have had the privilege to know Jay through his computer repair service. He'd answer my call anytime, during in which the Chiefs and recent events would be straightened out 😊. Just saw him couple weeks ago as he came and bailed me out with issues, during in which he spoke of his family. Specifically remember a conversation where he mentioned his son learning the programming skills of old systems and Jay was very proud.

I'll miss seeing his truck up in the parking lot, at his work. He was/ will be remembered as a great guy/ friend.
