“ *To The Price Family,
Dee and I are so happy to have known Jerry. He truly was a great friend, great partner in bowling tourneys, and fun to be around. Jerry and Paul Portell used to stay later than usual and keep Dee company at the bowling alley when I was out of town. They wanted to make sure she got safely to the car and on her way home after closing the bowling alley. Jerry helped me in many ways, he helped me and also taught me a lot about electrical repair. He and I rewired my home during our remodel. Most of all Jerry and I would talk about life events and decisions I had to make for the company I work for. His unique way of putting things and his compassion for treating employees right were so helpful in my decision process. Jerry you will forever have a place in our hearts, the memories, and the lessons are cherrished.
