“ Teresa and family. We just heard of John's passing. He was "Best Man" at our wedding 47 years ago. He was a beloved friend, whose presence in our lives in the mid 1960s was immeasurable. You are in our prayers. "GOD SPEED" JOHN.

“ Jennifer, Amanda and Crystal,
I am so sorry to hear of the loss of your father. He loved all of you so very much and I know you will miss him dearly. He was so kind to me and I will appreciate that always.
I came to Kennedy Space Center over twenty years ago and didn't know any restaurant supply businesses in the area. Someone led me in the direction of John and we became fast business associates. He helped me a great deal throughout the years with designs of kitchens and ideas for improvements. He always had a smile on his face and that hearty laugh. I remember once he showed up at KSC to pick me up to go and look at some sample equipment on his motorcycle. I explained I didn't think it was a good idea to go on a business trip on the bike so we took another vehicle. That was John. When he sold the business I missed him so much but I knew how he loved the Midwest and wished him well.
May you rest in peace John, your memory will remain with your family and friends. I can still hear your laughter.

Thank you very much denise. My dad always enjoyed his talks with you and sometimes your lectures when he did wrong. He was an amazing person who will truly be missed.

“ I met Johnny about 54 years ago when my family moved to Parkway for Mobil homes. He was a couple years older than me and I looked up to him as an older brother. He taught me how to shoot a rifle and took me hunting with him. He also taught me about fishing. I remember spending the night with him many times and going hunting. He used to drop me off at junior high school on his Harley. Played cards with him and his Grand parents. Many fond memories. May God be with his family.

“ *May you rest in peace John. You were a good father, grandfather, husband, friend, and son. You were also a good boss to many, including my mother for many, many years. My mother came to work for you in the 70's as a young widow with young children, my sister Holly and myself. As you had children of your own, she grew to love all of you as family, especially, Amanda, Jennifer, and Crystal. All like daughters to her. May God bless all of you and keep your father's memory close to your hearts. There are no words to describe the loss of a parent, but please know he will be in your hearts forever, and nothing can take that away. With my deepest sympathy, JoLynn*

“ *Very sad to hear about John’s passing. Thoughts and prayers are with Teresa and his family, who he dearly loved and always talked about so fondly. First met John in a motorcycle shop almost exactly 50 years ago. He had a black Harley Davidson Sportster then, which was a pretty bad bike back in the day. He liked to wear a white T-shirt with the seam in the sleeves rolled over twice. We later became best friends, dated girls who were best friends, and had a lot of fun together through the years. We both loved cars and hot rods and did a lot of drag racing together. One of John’s happiest times I recall back then, was when we went to Miami to race his beloved midnight blue ’65 Chevelle. John drove to perfection and blew away the competition – winning every race. The losers accused him of cheating (He didn’t) and wanted to fight. It was like twenty guys to three, so we left quickly without John getting his trophy. I worked alongside John at Publix, the Kennedy Space Center, and the Eau Gallie Speedway when the company we formed together owned it. Through ups and downs, John was always a hard worker, and honest, which led to his success in the restaurant equipment business. Happy he got to spend his last years enjoying the place he loved in Missouri and grateful for his support and friendship over so many years and adventures - Rest in peace John.*

“Daddy, there are way too many memories to put on here, and as you know, most of them are too crazy to put on here. We had some good times, and some bad ones...but at the end of the day, I couldn't be more proud to be your daughter. You taught me so much, and provided me with priceless life lessons. Those life lessons will help me to get through this. I love you daddy, and you will be sorely missed.

“I had the opportunity of working for John back in 1994 at Brevard Restaurant Equipment in Cocoa. He taught me alot in the 4 months I was there. I won't forget the old truck he refused to part with, the motrocycle he was so fond of, but most of all I won't forget his laugh. John may you live on thru your beautiful daughters and your grand children. You will be missed.
