“ Lee Stanley , I just did hear of his passing,I'm sad to hear this, I knew he was a plant person as I love plants myself but when I was stuck on a name of a new plant he would be there to give me a name 😊 I only seen him again at our 1964 school reunions we did talk a few times on our FB page about plants he shared on line, It sounds like he was a good dad that's one of your Blessings.
