Our condolences to your family for the passing of your mother. We have never met or spoken but we do share a common bond, we are the couple that purchased your house on Brandt Drive in Tallahassee. We had searched for over a year for a house to buy until we came up on yours. It had been empty for awhile and the sign said for sale-contract pending. We loved it from the outside and once my wife went inside she said this was it because, even empty, it had a feeling of joy and peace. We put a bid in, two days later the contract expired and you accepted our bid. We didn't even know the side lot was part of the package until afterwards.

We have worked very hard to keep that feeling of peace. Your vegetable garden is now a flower garden with a water feature, pergola's, brick walkways and lots of flowers. The house is the same but we have opened it up with picture windows and glass doors to see the outside gardens.

It is such a wonderful layout that is open, inviting, easy to entertain. People want to come and not leave because they say it is so comfortable and relaxes them. It is the same feelings that we know only could have been passed down from your family because it was what we felt when we first walked in. We are very grateful.

*Respectfully,
Steve and Carol Musco*

My sympathy to your family. I knew Lucille for many years. We played golf at Killerearn Country Club and also used to share stories of our ethnic Slavik heritage. Along the way, I introduced her to Dr. Elizabeth Pribic, a professor at Florida State Univ. She was educated in Bratislavia, and shared our Slavik heritage. We went to her house several times and enjoyed learning more about Czechoslovakia. Your mother was a wonderful friend and I visited her many times on Brandt Drive. My husband and I attended one of their celebrations at the Elks Club in Tallahassee and enjoyed knowing both of your parents.
