“ *My brother was my best friend. He was the hardest worker I ever met and everyday he pushed me to work harder to be a better man. If it wasn't for him I wouldn't have the career I have now. He opened so many doors for me to better myself in my life as a man. And I'll never forget bout 2 years ago he told me how proud he was of me. That I finally went out on my own and made my business work with nobody helping me. That was one of the best memories I have of him the day he told me how proud he was of me. It truly meant the world to me and I'll Il needed forget that day. LOVE YOU BRO RIP GONE BUT NEVER FORGOTTEN.*

*I've known Mike since he was a little boy. He and my son spent many nights together when they were in school. I remember the the fishing lures my son would bring home the he and Mike would make. He was such a sweet kid. He will certainly be missed.*

*“ I will always remember what an awesome dad he was. So many great times to look back on and enjoy! My dad gave me my first deer, my first go cart, my first gun, and even my first beer! Always doing his very best at whatever he was doing or trying to be there for the people he loved and cared about!*
