“ Shorty... Its been awhile. I still think about you a lot. I still travel the back roads where we used to run hard drinking and speed in our young lives away. I still laugh at that time we showed up at that campus up in Columbia and showed them preppies how its done, lol... And also too when you drove my truck into Jiffy Stop there in Versailles to get a little more brew. Officer F..d sure wanted to push to get me to press charges but that didn't work out to well for him did it? Idiot.!. I will always miss you my friend.
