“ We are thinking of your family at this time of loss. I will always remember Aunt Norma and my mother talking and laughing in the kitchen as they made plum jelly.

“ Darrell, Linda and family. I also knew your Mother from working at Hercules (SFAAP). I never worked for or with her but anytime I had a problem with my check she was right on it, getting it fixed. I never saw her without a smile. She was very kind to me as well as I can imagine everyone she met. Sincerely sorry for your families loss.

“ I worked with Norma at Hercules (Sunflower Army Ammunition Plant) in DeSoto, KS for many years. Norma was one of the most optimistic and busy people I knew. She was perfectly suited for payroll work because she was very detail oriented and focused on absolute accuracy. She made working together fun. She often brought homemade goodies to share at work, and she was kind to everyone. I haven't seen her for many years, but was always happy to hear how she continued to remain active and happy. She was a dear lady.
