“ Well what can I say? Mama I miss you more than words can express. I will is calling u almost everyday and just babbling about everything or just a brief hello. Just to hear your voice and feel your smile threw the phone. After much thought, and even at times u wanted to stand on a chair and whack Mike, she brought us together and so much closer in the end. Mama had a way of working things out to help someone else. Now I will have to torture another when I am driving down there and fly by a MO state trooper doing 96mph. But have my angels watching over me i know. Mama will always be by my side. I love you beyond the moon and stars???
