“ It's hard to believe that 2 years have gone by since I got the call, first Josh tried to call me that morning, but I missed it, then when Genesis' call came across I knew something bad had happened. Teresa for everyone that knows you life changed that day. You were a big piece of all of our hearts, and you still are. Your kids miss you so much, your Daddy is heart broken, none of us will ever be the same without you. We all love you, sweet dreams my beautiful friend.

Two years, what the hell? There are so many things I want to tell you so many things we still had to do. Now all I can do is buy you some little something for your flower bed, it can't hold much more I'm going to have to start taking out some of the stuff from last year. I really miss you Teresa, and life is not the same without you.

“ Sweet Teresa ,
You were the love of my brothers life. My heart breaks for your family and those you leave to mourn you behind, but at the same time rejoices that you and Tom are once again together. You were a kind woman who loved her family more than anything. The world is a little less without you in it. Rest in sweet peace, now and always.
xoxo

“ Aunt Teedee,
I know, without a doubt, you are singin, dancin and gettin lots of love from your momma and grandma in heaven...I can only imagine the "welcome home" you received as you crossed over into God's amazing grace?
I'll cherish the memories made, will always remember how beautiful I always thought you were, and I will absolutely NEVER FORGET the huge hug, tears shared and "i love yous" exchanged on the steps of Los Compos.
Until we meet again,
Jeni
